## How to measure my ring size?

1. Grab a ring that is your size for the selected finger.
2. Place the ring on a flat surface.
3. Measure the inside diameter (in mm).
4. Match the measurement, in the below table, with the ring size.

If the ring size is in-between two sizes, it is recommended to choose the larger size.

If in doubt, contact me and I'll measure your size or provide you a ringsizer.

Inside diameter in mm	Ring size
15,61	49
15,92	50
16,24	51
16,56	52
16,88	53
17,20	54
17,52	55
17,83	56
18,15	57
18,47	58
